DETAILED ACTION

1. Applicant's submission, filed September 25, 2007, has been entered and acknowledged by the examiner
2. Applicant's arguments, see pages 8-11, filed September 25, 2007, with respect to the rejections of the claims have been fully considered and are persuasive. The rejections of the claims have been withdrawn.

The following is an examiner's statement of reasons for allowance: The prior art does not disclose nor render obvious, in addition to the other limitations of the claims an arc lamp having first and second rod electrodes, the first electrode defining a ridge near the free end, and one or more getters mounted along the first electrode and held in place by a retainer ring mounted on the ridge. Claims 1 and 10 are therefore allowed. Claims 3-9,11-14 are allowed as a result of their dependence upon claim 1 or 10. Additionally, the prior art does not disclose nor render obvious, in addition to the other limitations of the claim, lamp having a sapphire body mounted in an anode socket having a spring, wherein a plurality of getters are mounted on the cathode. Claim 23 is therefore allowed. Claims 24,25 are allowed as a result of their dependence upon claim 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
